Judge Not??

DIFFICULTY OF THE SAYING: We can easily hold others to standards we are not willing to live up to ourselves.

DIFFICULTY OF THE SAYING: We can just as easily focus on the issues of others while ignoring our own issues.

This teaching does not unequivocally prohibit the judging of the actions of others.

We must have the ability to judge whether or not something is good or bad.

When we render judgments, we must be sure that we are judging fairly and consistently.
