WISDOM: the ability to discern or judge what is true, right, or lasting.

We often search for true wisdom in all the wrong places.

- “wisdom” that agrees with us
- “wisdom” in academia
- “wisdom” that comes with age
- “wisdom” that comes with experience
- “wisdom” within the mind of man

True wisdom comes from the mind of God who knows & understands all things within His creation.

We possess the wisdom of God in the Scriptures that He has delivered to us.
