

# *Spirit-Filled Singing*

A photograph of a church congregation singing in a sanctuary. The scene is filled with people of various ages, from young children to older adults, all looking upwards and singing with devotion. The lighting is warm and soft, highlighting the textures of the stone walls and the wooden pews. The overall atmosphere is one of spiritual unity and joy.

Singing with the heart.

Singing with the understanding.

Singing with joy.

Singing with gratitude.
