

II Corinthians 12:1-4

What makes heaven....
Heaven.?

Heaven will be a place vastly different from what we might experience here on earth.

Heaven is heaven because:

- it is where God is.
- it is where God is the only focus.
- it is the place where temptation and sin are not.
- it is the place where the consequences of sin will not be present.

Heaven will be God's perfect realization of what He has wanted for man since his creation.

What makes heaven....
Heaven.?
