

*"A man who was going through deep waters of fear called a Christian Science practitioner. In anguish he cried, "Oh, you don't know what I'm going through, I'm just going through hell." With vigor his helper replied, "that's no place to stop. Keep going."*

# What makes hell...

# HELL?

Luke 16:19-26

Hell is a real place.

Hell is hell because:

- it is everlasting separation from God.
- it is the absence of protection from Satan.
- it is never ending suffering.
- it is eternal hopelessness.

We have the choice whether or not hell will be our eternal place of dwelling.
