Romans 7:4-12

The Christian & THE OLD TESTAMENT

The Christian & The Old Testament

Extremes With Understanding The Old Testament:

We are bound to follow the teachings of the Old Testament.

There is nothing useful for us within the Old Testament.

A proper and balanced approach will lead us to know and understand that the Old Testament:

…is not synonymous with the Law of Moses.

…is a part of God's inspired revelation to mankind.

…gives a complete understanding of God's plan for the salvation of fallen man.

…is useful for our instruction and encouragement.

…will not be the standard by which we are judged.
